"The tireless efforts of thousands of volunteers across the State gave the drive its unprecedented success this year," General Carter stated. Dumont of Skowhegan, our State Advisor on Women's Activities, conducted a 'Mothers March on Polio' to push the March of Dimes over the top."

"This year's total represents a contribution of \$2387 from each man, woman and child in Maine," General Carter reported. Funds raised by the March of Dimes are already being spent on current polio cases. There are 10 local chapters of the National Foundation of Infantile Paralysis set up to pay for medical treatment, hospitalization, and necessary equipment of all polios, old and new, who need financial assistance.

Again we owe all the grand benefits to our children to the splendid direction of Miss Stallwood including driving the bus, to her right hand instructor Leland Kimball and their assistant, June Merrill. This was generously made possible by the beach facilities given by Mrs. Daisy Kimball, by the bus loaned by Roderick McMillan, by the loyal Beach Patrol, the Bethel Players for sharing the bus expense, the St. Club for equipment and by Margorie Freeman and the school staff for registration.

The total cost for the season was \$5200 of which \$3000 went for the operation. The use of the bus was graciously donated by Mr. M. W. and a part of the cost was donated by the Players Club. ## ABOVE THE HULLABALOO

by VERA BELL

SELDOM pays to crow too soon! The Democrats searched the dictionary for words of scorn to heap upon the behavior of the delegates at the Republican convention. But when the so-called "liberals" of that party opened their attack upon the south, they, for the time being at least, turned an otherwise respectable convention into a cheap spectacle. It was dirty politics at its triumphant best; it was the sort of politics this country may expect if a left winger is ever elected President. Incidentally the reputations of some of those who engineered this exhibition have definitely not been enhanced. Few Americans admire a cheap sport.

It probably would not be an exaggeration to say that regardless of the entertainment afforded the public by these conventions, 90 per cent of the American people would like to have an ACTUAL opportunity to select the men who are to stand for election to the presidency and vice presidency. It sounds all right to talk about primaries, but in reality just how much did you have to do with the selection of the nominees? Did you authorize the trade your delegate made with another? Did you instruct your delegation to switch to some other candidate? Did you have any say in the choice of the men who may some day succeed to the Presidency—Senators Nixon and Sparkman?

Under the emotional stress and excitement of these often hysterical meetings, nearly any sort of person could be nominated; and we the people who own this country should not be subjected to even the slightest risk of this sort.

This writer does not pretend to have invented a system which will give to us citizens the right to choose our nominees; but there are many persons in political life who know well how to improve upon the present democratic and unsound method.

We believe that a constitutional amendment designed to give to the people the actual right to select the men who are to be the heads of state would pass overwhelmingly.

Excellence is never granted to man but as the reward of labor. Sir Joshua Reynolds.

## OUR DEMOCRACY—by Mat

MAKING MONEY

WHEN WE TALK OF PEOPLE EARNING MONEY, WE SAY THEY MAKE IT. LITERALLY, OF COURSE, PEOPLE DON'T MAKE MONEY, BUT THEY PRODUCE THE GOODS AND SERVICES THAT GIVE MONEY ITS REAL VALUE. MONEY IS ONLY A MEDIUM OF EXCHANGE—WE USE IT TO BUY THE PRODUCTS OF OUR FARMS AND FACTORIES AND MINES. OUR LIVELIHOOD, THE PROSPERITY OF OUR NATION, ITS REAL WEALTH, DEPEND ON WHAT WE PRODUCE—FOR MONEY IS WORTH ONLY WHAT IT WILL BUY.

MONEY CAN MAKE MONEY TOO, WHEN IT IS INVESTED TO PROVIDE THE TOOLS OF PRODUCTION, AND THE MONEY THAT PEOPLE SET ASIDE IN LIFE INSURANCE AND SAVINGS, KEPT AT WORK IN THIS WAY, IS A DYNAMIC FORCE IN OUR DEMOCRACY.

I hurry to tell you what is this "good news". It is this—the Govt. is expected to go in the hole only \$1 billion during the next year, whereas the 14 and a half billions, which was forecast 6 months ago. ## No End to Good

ONE occasionally hears the remark, "Well, I suppose all good things must come to an end." When the writer heard it recently on his way home from a happy vacation, it arrested his attention. Thinking about it, he soon saw that this belief, if accepted, depresses hope and courage and limits all life and good. Hence it is not in accord with the teaching and example of the Master, Christ Jesus, who declared (John 10:10), "I am come that they might have life, and that they might have it more abundantly."

No thought of limitation or frustration, no sense of the interruption or cessation of good in these words of the Master! He acknowledged only God, Infinite Love, as the source of all true life and good. He understood that the loving Father-Mother unceasingly bestows life, joy, health, dominion—all good—on man, His beloved son.

Good is man's by reflection from its divine source. That it brightens in man and comes through limited material channels to be personally possessed, more by some than by others, Jesus denied when he replied to one addressing him as "Good Master" (Matthew 19:17), "Why callest thou me good? there is none good but one, that is, God."

In "Science and Health with Key to the Scriptures" Mary Baker Eddy writes (p. 491), "It is not well to imagine that Jesus demonstrated the divine power to heal only for a select number or for a limited period of time, since to all mankind and in every hour, divine Love supplies all good."

The universal availability of the divine power applies to the overcoming of all discord and limitation that would curtail or arrest our enjoyment of good.

Through the understanding and demonstration of inexhaustible divine Love all sense of lack is replaced by an abundance of happiness, supply, health, strength, intelligence, and purposeful activity.

One who is wise sees his holidays not only as time for travel or other wholesome pleasure affording a welcome change from daily routine, but also as an opportunity for spiritual refreshment, for replenishing and increasing his store of spiritual understanding, wisdom, peace, and dominion. Thus equipped, he is better able to rise above the sense of toil, monotony, or friction with which mortal belief may view his daily tasks, and realize the joy and accomplishment that come through reflecting the untrailing energies and activities of Mind. The end of a happy and profitable experience does not terminate the good which the Father untrailingly imparts to His children.

We should seek enduring happiness where alone it can be found, in Soul; we should grow in the understanding by which we can demonstrate that man is inseparably united to all good. In the measure that we do this, we shall know no end to good, no insecurity or uncertainty, "since to all mankind and in every hour, divine Love supplies all good."—The Christian Science Monitor.

half feet. It is time that our Govt. got down from its almighty high horse. It is time, right now, come November, that we shake off our shackles. We are in the driver's seat. "Good news," the man says (up the old market, folks, open season is around the corner).

## BETHEL A. C. TRIPS LOCKE MILLS 4-2 LAST THURSDAY

Manager Billy Robertson drove in three runs last Thursday evening, Aug. 14, as the Bethel A. C. pastimers downed Locke Mills 4-2 on the losers diamond. Merle White drove in the fourth tally with a triple down the right field line.

Witt Robertson opened the game with a single to left field, Brown reached on an error, and both runners moved up a notch on Andy Witt's sacrifice. With runners on second and third Bill Robertson drove a single through the middle of the diamond scoring both runners.

Locke Mills tallied single runs in the second and seventh innings to knot the count at 2-2. Bill Robertson led off the eighth for Bethel and drove a home run over the left field fence. An insurance run was added when Glynn Witter reached on an error and scored on Merle White's slicing triple to right. Raymond Seames started the Locke Mills eighth with a single to left but was quickly erased when Chuck Melville grounded into a double play, G Witter to B Robertson to M White, Johnnie Cummings grounded out to end the game.

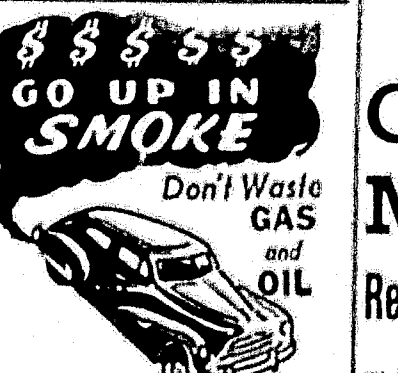

Solly Morgan allowed the LM sluggers only five hits, all singles, walked four and struck out one. Bethel plays West Paris at Thursday Field Sunday afternoon, Aug. 24, at 2:30, and will journey to Rumford Point next Thursday evening.

## BRYANT POND TAKES 4-2 DECISION FROM BETHEL A. C.

Bryant Pond hitters solved A. C. pitching for thirteen hits but could score only four tallies as Bethel pitching and an improving BAC defense choked off possible big innings. Lawrence Bailey allowed 11 hits during his tenure on the hill but homers by Stan Farrar and Eddie Howe were for three of the victors tallies.

Thurflow and Whitman each garnered a pair of singles, Wing a pair of doubles and Eddie Howe a home run and a single to pace the Pond attack.

Stan Farrar allowed only four hits and failed to walk a man while retiring six men via the strike out route.

John Brown paced the Bethel attack with a single and a home run in four trips to the plate. Stan Merrill belted a double and Bill Robertson connected for a single to account for the remainder of the A. C. hit total.

Bob Baker pitched two-hit shut-out ball during the last three innings for Bethel.

## A PEEK AT THE STARS

By LYNN CONNELLY

GEORGE JESSEL is being mentioned as the star of a TV series in a role in which he has few equals, that of toastmaster. . . NBC has succeeded in selling Fibber McGee and Molly to a new sponsor. . . For a while it looked as though this program would have to be scuttled after all these years.

Fred Waring and some of his staff are conducting a summer workshop on choral music at Michigan State College. . . Danny Kaye is flying to the Danish birthplace of Hans Christian Andersen for a special broadcast. . . Bob Hope cracks: "What a break TV is for the voter. . . CAPITOL:—This company has come up with a very fine album for children which should please not only the small fry but their parents as well. . . The latest in the "Bozo" series, this excellent album tells the story of the greatest adventurer of them all, Robin Hood. . . It is the Walt Disney version and a very pleasing one.

COLUMBIA:—Johnny Ray's latest disc is a revival of an old favorite, "All of Me," which seems to be revived periodically by every rising young singer. . . Must bring them luck. . . At any rate, it's a good cutting of a fine oldie. . . Flip side has "A Sinner Am I." Champ Butler and Toni Arden combine voices in two new songs, "Remembering" backed by "One Love Too Many." . . Sammy Kaye's new disc may well be a winner. . . It's "God's Little Candles" with "I Don't Know Any Better" on the reverse side.

### ARMY CAMPAIGN UNDERWAY TO SECURE 365 LINGUISTS

Lt Colonel Melvin A. Kelley, Commanding Officer of the U. S. Army and U. S. Air Force Recruiting and Induction Maine Station, For Williams, Maine, has announced that a special recruiting campaign for linguists is now underway.

"An immediate need exists Army wide," Col Kelley said, "for certain qualified linguists for assignment as translators, interpreters and interrogators."

The commanding officer made it clear that in order to overcome this shortage a special and intensive recruiting drive has been planned so that the required numbers of personnel may be obtained on a volunteer basis.

"Approximately 365 linguists who speak either Russian, Chinese, Mandarin or Japanese," he said, "is the quota set for the First Army. Not only must they be able to speak one of these languages fluently, but they must also be able to read and write it as well."

Only male volunteers who wish to enlist for three years or more are desired, the colonel further explained. Applicants must also possess an Armed Forces Qualification Test score of 49 or better. Language tests will be administered, and language fluency questionnaires will be completed at reception centers.

Enlistees procured during the nationwide campaign from this area will be transferred from reception centers to a training division with the 9th Infantry Division, Fort Dix, N. J.

Colonel Kelley stated that qualified linguists will be afforded an opportunity to apply for Officer's Candidate School during their processing at reception centers.

For further information, interested persons with linguist qualification should contact their nearest Army and Air Force recruiting stations immediately.

Many citizens of Maine will not cast their ballots in November. They will not live to vote for the man of their choice for the office of President of the United States. Why? Because they will be killed in traffic accidents sometime between now and election day in November. They will be killed because of carelessness. . . their own or someone else's. Don't be one of them, and don't let death come to anyone because of your carelessness.

Many accidents could be avoided if drivers would stay in their own traffic lane and if they would stay far enough behind the car ahead. The Maine State Police urge us not to allow a violation of these two simple rules to involve us in an accident.

*"No, thanks,  
... I'm driving"*

Smart man!

He keeps his car in safe driving condition . . . and he keeps himself in condition to drive it safely.

Are you one of those drivers who honestly believe that a drink or two can have no effect on your driving ability? The fact is that just one or two drinks is enough to make an otherwise safe driver a very real danger to himself and others.

The records are full of statistics proving that drinking drivers are three or four times more likely to have an accident than those who do not drink. You may be far from drunk—you may not even 'feel' your drink—but the unavoidable

able result of drinking even a small amount of alcohol is to impair your judgment and slow up your reactions. You may think you are just as 'quick on the trigger' after a drink or so, but medical science says you're not.

This impairment of your judgment and reactions may be measured in split-seconds, but split-seconds are ages in emergencies. So why court unnecessary danger? There's no point in arguing with alcoholic beverages . . . you can't win. You'll be wiser—and far safer—to pass up the drink and step into your car with the serene assurance that your driving is absolutely under your own control.

"Much of the misery caused by drinking drivers is due to the men and women who 'Wouldn't think of driving when I'm drunk.' To these thousands there is no danger in driving after one or two, or 'a few' drinks. It is they, not the stumbling drunk, who kill and cripple. Call it 'right,' 'feeling good,' or 'drunk,' it really doesn't matter. What *does* matter is this: your reaction, your perception, your attitude are all changed after one or two drinks."

## MORE THAN 7,000 MAINE PEOPLE TO TAKE PART IN THE MAINE EVENT

The total number of Maine people who will take part in the big, ten-day Maine Event exposition at Scarborough Downs in the Greater Portland area, Sept. 5-14, has risen to more than 7,000. Alfred Stern, noted civic program director, announced this week.

Pageants, demonstrations, drill and band exhibitions, radio shows, and some of the most spectacular presentations ever put on by the Armed Forces in northern New England will be features of the exposition's program. Each day's program will be different, tying in with the selected theme for the day.

Added to this will be a large number of New England, National and Canadian dignitaries, outstanding solo performers, unusual exhibits of Maine's economic, cultural and community life and a variety of top exposition attractions, such as children's rides, an animal show, a continuous Maine Lobster Bake, daily fireworks, plane stunting, television demonstrations and a host of other features.

Gov. Frederick C. Payne, honorary chairman of the Advisory Committee for the non-profit exposition, will cut the ribbon officially opening The Maine Event on the first day, Sept. 5, dedicated to the state of Maine. Several national figures also may be in the official party on that day, together with the Governor, or their representatives, from other New England States.

Of the nearly 100 Maine and Canadian organizations participating in The Maine Event are such leading groups as the American Legion, Veterans of Foreign Wars, Maine State Grange, Boy Scouts, Girl Scouts, Camp Fire Girls, 4-H Clubs, fraternal organizations, sportsmen's groups, Catholic, Jewish and Protestant groups, Army, Navy, Marines, Air Force, National Guard, Civil Air Patrol, Civilian Defense, and nearly 200 business and industrial firms.

The Maine Event is sponsored by the Greater Portland Chamber of Commerce, under a special non-profit corporation to boost the State of Maine.
